## **The Suncoast LifeStyle is Well-Suited for Seniors**

When I think about the Suncoast lifestyle, I think about how beautiful an area we live in; an area rich in natural resources and cultural activities. From the beaches and keys to the golf courses and state parks, the Suncoast is a paradise; and the weather is hard to beat too!

Our vision for the ABC 7 Sarasota Senior Living Expo presented by Alderman Oaks is to represent all of the different health, lifestyle, cultural and consumer products available to Suncoast seniors in an expo format, complimented by dynamic speakers covering a wide range of relevant topics.

We hope you'll take time to join us for the first of what will be a bigger and bigger annual event for Suncoast seniors for years to come!
